

Joe (the Sprinkler Guy) and his team are committed to high quality workmanship and technical know-how that comes from years of experience with unique circumstances as the reviews below testify to. Not every review will be a five star review but we strive hard to keep them coming! We are a small local business with strong roots in the community and we depend on word of mouth referrals.

Awesome job by Joe and his team. Just completed a redo of a soaker zone that my dog dug up with sprayers. They were extremely professional, quick, and very affordable. They left the yard with virtually no visible signs that work had been done on the yard, and that was with them re-running the entire rear flower bed zone. It is a shame that I had not used his service prior to now. If you are in need of sprinkler service or repair, then this is the company you need to call. Joe is the Sprinkler Guy and the name is very fitting!

Best deal in town! Punctual, professional and thorough. I explained to him what I needed and he jumped right on it and got the job completed in less than an hour. Filled every need I had and I would recommend him to anyone.

Fabulous job! Joseph really knows what he is doing. He showed up on time (actually a little early even!) and got right to it. Discovered the problems & replaced sprinkler heads that needed & got system good to go/repared. I would recommend this company to everyone!

These guys are awesome! The work is fast, clean and exactly what you"need" and no more!! Several other companies tried to talk me into replacing my whole sprinkler system. The "Sprinkler Guy" was able to make adjustments to add more heads to reach areas not being watered . They had to dig up several areas to get to the sprinkler pipes to move it back for better coverage or add more heads at my request. It was done in an hour and you can't even tell where they dug in my grass or beauty bark! I don't refer folks unless they are fantastic, and these guys are the real deal!!
